# AMBiGUITY

A Game of Dubious Deductions

CONTEXTUAL CLUES

Deduction Game

Ambiguity is all about the perplexing context of words.

SECRET ITEMS

Party & Family Game

AMBIGUOUS GUESSES

Words **without** context have multiple meanings. Deduce a secret word from its clues. For example, the clues are **Horse** and **Vehicle** Do you take a chance now and pick "**Mustang**" for 25 points or wait until you get another clue to narrow down to "**Chariot**" for less points?

- Players take turns as moderator.
- Moderator selects a random clue card and its corresponding items card.
- Adds several decoy cards & reveals the cards.
- Moderator calls out preset clues and opponents make simultaneous guesses.
- First to guess collects a coin.
- Wrong guesses decrease coin value.
- Use more clues, get less points.

Components: 48 color-coded item cards (480 items), 80 clue cards, one die, 20 "Take a Guess" cards, five coins.
